

WHANGARA ANGUS

BULL SALE 2021

Welcome to WHANGARA ANGUS

With the recent purchase of the respected Whangara Angus stud and long-term lease of the Lane property at Whangara Angus, we are delighted to present to you the 2021 bull sale for Whangara Angus.

As a stud owner and manager for over 12 years, as well as an experienced veterinarian, you can be assured that the future of this breeding operation is of the highest standard. The farm, based 30 minutes north of Gisborne, is a 1006ha property, with only approximately 10% of the farm being easy contour, and the rest being medium to steep hill country. The property supports the type of farming pressure that we want to apply to our female breeding heifers and cows. We expect them to work hard over summer and clean up pasture while still rearing a high quality calf – exactly what you would expect of your own breeding females in your commercial herd.

We have a fantastic range of 31 bulls on offer this year, ensuring we have a bull for every farming type. Bulls all carry the Angus Pure stamp (many with Angus Pure A+ or A endorsements). These are the ideal ticket into all of the branded beef programmes that several companies are offering. Now is your opportunity to be rewarded for making astute breeding decisions - premiums of more than \$300 per head can be achieved by using Whangara Angus bulls.

At Whangara Angus, we want to breed highly functional, high performance cattle that is backed up by data. We have an unwavering focus on measured genetic progress but will not be cutting corners when it comes to structure and docility. If our sires, females and progeny do not pass the strict criteria we have set, they will not be used for breeding, nor will they be put up for sale. All bulls have been structurally assessed by two independent auditors so you can be absolutely assured the bulls we present to you can walk the hills and get your cows and heifers in calf.

We look forward to beginning this journey with you.

INTRODUCING YOUR 2021 BULLS

At Whangara Angus, we want to breed highly functional, high performance cattle that are backed up by data. We have an unwavering focus on measured genetic progress but will not be cutting corners when it comes to structure and docility.

We are proud to present you with 2021's line up of 31 bulls up for sale.

ANGUSPURE PARTNER STUD

AngusPure NZ has teamed up with 89 Angus studs who share in our vision - to focus on the end consumer.

This stud is proud to be named as one of them, and by using the finest genetics and implementing best management practice they can help you produce more premium quality Angus beef.

Only our AngusPure Partner studs display these devices in their sale catalogues. They indicate bulls endorsed by AngusPure NZ.

A ANGUSPURE ENDORSED BULLS

AngusPure continues to endorse bulls for sale that are in the top 40% of the breed for AngusPure index. This index gives commercial farmers confidence that by using this selection tool, bulls are most likely to leave progeny with superior carcase quality and at the same time achieve desirable outcomes for self replacing herds, as the AngusPure index still rewards cattle with strong maternal attributes like calving ease, scrotal and growth, along with carcase weight. To qualify for the 'A' endorsement, bulls must meet a minimum AngusPure index of +\$120.

These bulls will be => +\$120 for AngusPure index.

A+ EXTRA ANGUSPURE ENDORSEMENT FOR MARBLING

In addition to the 'A', and to assist bull buyers who wish to select for more marbling we are rewarding those animals that are in the top 25% of the breed for AngusPure index and who also have their marbling EBV (IMF) in the top 50% as well. These bulls will be awarded an 'A+' endorsement. Marbling is one of the very highest eating quality attributes and is necessary in order to meet some of the highest premium requirements for our new program, AngusPure Special Reserve. To qualify for the 'A+' endorsement, bulls must meet a minimum AngusPure index of +\$141. They must also meet the minimum marbling requirement of +1.7 for IMF

These bulls will be => +\$141 for AngusPure index and => + 1.7 for IMF EBV.

AngusPure recognises the need to lift the amount of marbling in our New Zealand cow genetics, in order to fill the requirements of consumers going forward. Marbling has two critical components; genetics and feeding. Feeding on a rising plane of nutrition is vital but without the genetics these attributes will not be able to express themselves.

YOU CAN RELY ON FMG TO STAND BY YOU. LITERALLY.

A bull is a big investment. Which is why FMG is right there with you to ensure you get the very best cover on sale day, and the best service every day after that. That's because we understand livestock insurance as much as we understand the importance of personal service. So talk to your FMG Rural Manager about FMG Premier Bull Sales cover. All bulls sold at auction up to \$50,000 can be covered for 6.5% of the purchase price and those sold at FMG Premier Bull Sales are insured at the fall of the hammer for 14 days free.* To find out more, call us on 0800 366 466 or visit fmg.co.nz/bulls

* Subject to standard underwriting criteria. Please note this is only a summary of FMG products and services and is subject to our specific product documentation.

For full details, refer to the relevant policy wordings at fmg.co.nz

We're here for the good of the country.

NOTES

Premier Bull cover

What is Premier Bull cover?

All bulls auctioned at this sale up to the value of \$50,000 will automatically be covered under FMG's Premier Bull cover for 14 days at no cost to the purchaser.

Length of cover

To extend cover for the specified bull beyond 14 days you need to tick Premier Bull cover 12 months on the Purchaser Instruction and Insurance Slip in this catalogue. The specified bull is then covered for the remaining period of 12 months. The premium is payable to FMG and is in addition to the purchase price of the bull.

If you require an alternative cover period talk to an FMG representative.

Your bull's value

Any bull covered under this policy must be purchased for \$50,000 or less. For any bull purchased over \$50,000 talk to an FMG representative.

During the period of insurance, the specified animal is covered for:

- Death or infertility as a result of accident, disease or illness.
- Theft.
- Transit.

What we will pay

Fair market value of your specified bull, less any amount you receive for the sale of the carcass, up to the amount shown on the insurance certificate.

Purchaser Instruction and Insurance Slip

This slip MUST be completed and handed to the Booking Clerk before leaving the sale.
